The MAS scholarship had a profound impact on my academic and professional life. The financial support eased my tuition burden. This allowed me to focus more on my studies and extracurricular activities. Additionally, the mentorship and networking opportunities provided by the interviews broadened my horizons, connected me with industry professionals, and enhanced my career prospects. Overall, the MAS scholarship has been instrumental in furthering my academic and professional growth.

Lim Yun Mei

I am being motivated by the MAS scholarship in my actuarial studies. This lets me know that my academic achievements and potential are recognized. This inspired me to strive further. It taught me a sense of responsibility to make the most of the opportunities provided, pushing me to push my limits, maintain high standards, and strive for excellence in my academic pursuits.

I would like to express my sincere gratitude to the donors and MASA for awarding me this scholarship. I sincerely appreciate this opportunity. Your generosity and support give me a profound impact on my academic career. This allows me to pursue my goals with greater focus. I will continue pursue excellence in academic, and makes a positive contribution to society. Thank you for believing in me and investing in my future.

The MAS scholarship has significantly bolstered my academic and professional journey in several ways. The financial support alleviated financial burdens, allowing me to fully dedicate myself to my studies. This translated into deeper engagement with academic resources and the freedom to pursue additional learning opportunities that enriched my knowledge base.

Overall, the MAS scholarship has been a transformative force, propelling my academic achievements and paving the way for a successful professional future.

Winning the MAS scholarship has been a huge motivator in my studies. It's not just the financial support, but also the emotional boost. Knowing I was chosen and trusted by the interviewers and MASA makes me especially motivated to work hard and develop my skills even further. I want to meet the expectations they have for me. The scholarship has also given me the confidence to keep pursuing my education.

I would like to express my deepest gratitude to the generous donors who made this scholarship possible. Their contribution has a profound impact on my education and future. I would also like to thank the interviewers and facilitators at MASA for their time and dedication to the scholarship program. Their belief in me is a tremendous motivator. Finally, I want to commend MASA for initiating this scholarship program. It's a fantastic way to support aspiring actuarial students like myself.

The MAS scholarship has significantly boosted my academic and professional growth by providing the funds necessary for professional examinations. This unique opportunity is not available through other scholarships. It has given me hope and motivation to pass two SOA examinations during my undergraduate studies.

This accomplishment will enhance my chances of pursuing a career in the actuarial field after graduation. Consequently, this scholarship is pivotal in helping me continue my journey toward earning accreditation.

The scholarship has greatly motivated me by allowing me to dedicate more time to my studies. Previously, I had to work part-time jobs to save money for examination fees, which limited my study time. With this scholarship, I can focus entirely on my academics and engage in physical exercise to maintain my health. This financial support has enabled me to concentrate better on my studies and improve my academic performance.

Thank you for entrusting me and give this opportunity to me. I will do my best to pass my examinations. Thank you so much everyone!

The MAS Scholarship has made me feel motivated to continue my professional growth in Actuarial Science. It feels great to know that there are people supporting young talents and those from difficult financial situations. It has made me feel to work harder than before and to come back stronger again to pursue by career in Actuarial Science.

Ramya a/p Kesavan

I was unable to study as I know I was not from a family with good financial background. Whenever I kept studying, it made me feel demotivated and I kept asking myself "How are you going to sit for the exams without any money or income?", "What are you doing with your life?", and "Is this the right career for you?". But with MAS Scholarship, Im spending time to study every day as I know I have a financial support being like a backbone to me. This keeps me going and I know I will only stop when Im done.

I would like to say thank you to the donors of MAS Scholarship. You dont know how much these aid helps us with the rough things at home. I wish more younger people will have no fear to pursue their career in Actuarial Science. Not only that, the donors have inspired me more to also give back to the community in the future. People like us need a chance, and when we get it, we use it. Not everyone gets the chance, but Im grateul that I have received it. I know, I will never misuse it.
